DETAILED ACTION

1. This Office Action is in response to Amendment filed 7/14/2004.

Claims 1-16 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

3. The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious the claimed invention, as recited in the independent claims 1 and 10, for a semiconductor integrated circuit having a test scan arrangement, including a plurality of scan chains each having an input end and an output end and being arranged in pairs of a first scan chain and a second scan chain, wherein a plurality of second terminals each being selectively connected, in a first state, to the input end of the second scan chain of one of each pair of scan chains for external input connection or, in a second state, to the output end of the second scan chain for external output connection.

4. Furthermore, independent new claim 11 recites a claimed invention not found in the prior arts of record, taken alone or in combination, which fail to teach, anticipate, suggest or render obvious, a semiconductor integrated circuit having a test scan arrangement, including a plurality of scan chains each having an input end and an output end and being arranged in pairs of a first scan chain and a second scan chain, wherein a plurality of external bi-directional pins each being selectively connected, in a first state, to the input end of the second scan chain of one of each pair of scan chains for external input connection or, in a
